Monthly Celebrations

This May, turn your attention to Arthritis Awareness Month. Be happy for National Smile Month, create something new during National Inventors' Month and pick up a good book for Get Caught Reading Month.

Wear It for Wisdom

Like the gardens and grass of spring, May's birthstone, the emerald, dazzles with a brilliant green. Some believe wearing an emerald brings wisdom and patience.

Lines From Lisa

This month has many celebrations; some of which are National Smile month and; of course, Mother's Day and Memorial Day.

Last month, I wrote about all the opportunities for exercise and training we have to offer. The most popular activity is our Aquatic Aerobics. If this doesn't appeal to you, don't forget that walking is still the best exercise and you can walk outdoors or in the halls of the building.

Happy Mother's Day!
