Welcome New Neighbors

To all of our new residents, we welcome you with open arms. If you are new to the area and need some general information, please do not hesitate to contact our office. We are always happy to help.

Independence Day

We hope that everyone has a fun celebration this Fourth of July. If you do not have the opportunity to view live fireworks, remember there are very entertaining live broadcasts on television. Happy Independence Day!

Car Just Sitting There?

If you find yourself in a position where you no longer want to or can't drive your car, you need to either sell your car or give it to someone. You cannot just leave it idle in the parking lot. Another option is to donate it. There are many worthy charitable organizations who will pick up your car and provide you with a tax deduction. One such organization is the National Kidney Foundation. They can be contacted through www.kidneycars.org or by calling (855)-426-2440.

Added Benefit of Insurance

Most renter's policies will cover things that are stolen from your car. Check with your agent to be sure. It's best not to leave anything valuable in your car in the first place.

Scottish Towers II Staff would like to wish all Residents with July Birthdays a Very Happy Birthday!

Lorraine M., Richard M., Sarah W., Robert E., David A., Jason D., Elizabeth G., Stephen L., Annamaria M., John P., Pearl E., Nelson J.

Please join us in welcoming our newest team member to Scottish Towers II Apartments!

51. Blaring
53. Computer symbol
56. A parcel of land
57. Actress Lupino

HAPPY ACCIDENTS

Sometimes the best discoveries come about due to mistakes. Throughout history, mistakes have contributed many important and useful products to mankind. Here are some examples of the good accidents that have enriched our lives.

Chocolate Chip Cookies

Around 1930, innkeeper Ruth Wakefield was baking chocolate cookies one day and discovered that she did not have the cocoa powder called for in the recipe. Instead, she chopped up a chocolate bar and put the chunks in the batter, expecting them to melt in the oven. Instead, she got butter cookies studded with chocolate "chips."

Post-It Notes

A 3M researcher was trying to develop an improved form of adhesive tape. Instead he got a substance that stayed semi-sticky. This concoction was shelved for another four years until another 3M researcher was looking for a way to keep bookmarks from falling out of a book. The two ideas came together to form the Post-It Note, first marketed in 1980.

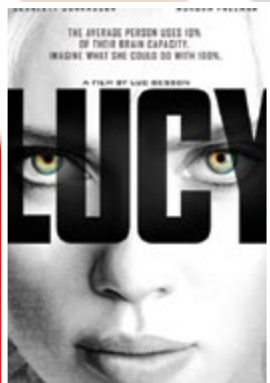

Silly Putty

During World War II, the U.S. government was trying to develop a synthetic rubber. They experimented with silicone and eventually tried adding boric acid to silicone oil. The substance, however, failed as a good rubber substitute—it was too gooey and bouncy. After the war, it was marketed as a toy called Silly Putty.

STAN ROBINSON'S MOST ANTICIPATED MOVIES

Summer is here. It's hot, and so are the movies! Here is a look at my 'Most Anticipated' for July 2014!

Lucy In a film by my favorite contemporary producer/writer/director Luc Besson, a woman, accidentally caught in a dark deal, turns the tables on her captors and transforms into a merciless warrior evolved beyond human logic. Starring **Scarlett Johansson, Analeigh Tipton, Morgan Freeman, Pilou Asbæk, Min-sik Choi, Amr Waked, Mason Lee, and Frédéric Chau.**

Be sure to visit ScreenScene.org for movie reviews, celebrity interviews, and motion picture industry articles. Stan Robinson on Twitter: @NikitaAtSection ~ What say you on movies! - Movies@StanRobinson.org.
