TERRI'S TIDBIT

Dear Residents, Families, Friends
and Staff,

Happy Easter from my family
to yours!

*God Bless,
Terri Osteen, Executive Director*

Jeremy and Stephen.*

FROM DIANE'S DESK

Calling all independent residents! It's that time of the year again! Twice a year we take the time to obtain independent resident weights and vital signs and update your doctors of any concerns or issues you may be having. I will need a list of any prescriptions you are taking and any concerns that I may help you communicate to your doctor. I am setting aside two days this month to meet with you and gather this information. I will be available on Sunday, April 15, and Sunday, April 22, from 10 a.m. to 2 p.m. to meet with you. This is required, so please plan on seeing me one of those two days! No appointment is necessary, and it will only take five to 10 minutes. I look forward to seeing you one of those days!

Sincerely,

Diane Koenig, RN/BSN, Director of Nursing

Staff Highlight! We wanted to recognize Eric in Resident Care for the compliments we have received about him and for being a great team player! Keep up the good work, Eric!

RESIDENT SPOTLIGHT

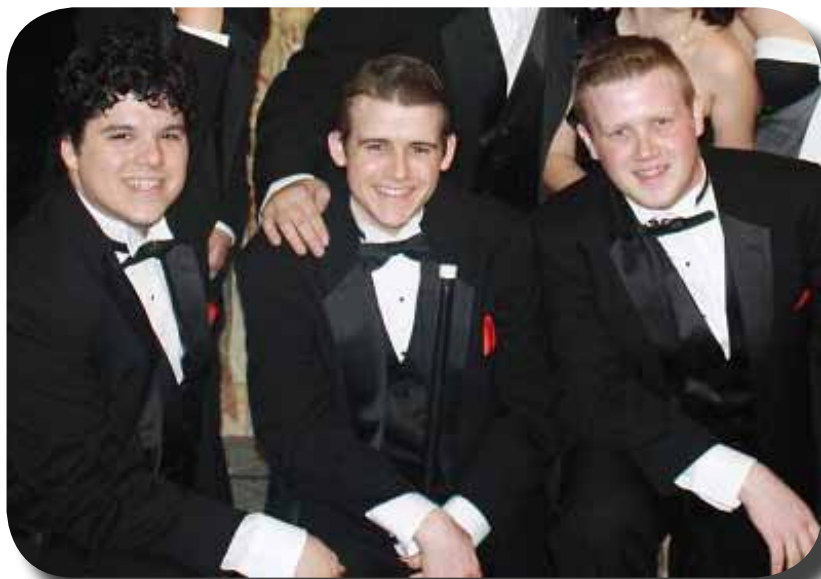

Although Beth B. is a familiar face here at The Residence, we want to tell you a bit more about her very interesting life. Did you know her given name is Elsbeth? Her family lived in Salamanca, N.Y., about 60 miles south of Buffalo. Her father owned a Chevrolet/Oldsmobile dealership. Because of a shortage of cars during WWII, he turned it into a machine shop that refurbished old machinery. After the war it was back to selling cars, but he also continued the machinery work. For 13 years Beth was an only child. When her brother, Ted, arrived, she had some reservations. Ted started first grade the same year Beth entered college. They had little in common, but today they are the best of friends. Ted lives in their hometown. Beth loved school, and she excelled as a student. Her favorite subjects were English and math. She belonged to the Drama Club. Beth graduated from Cornell University near Ithica, N.Y. Her first teaching position was at a high school in Edmeston, N.Y., where she taught English and speech. It so happened that, at the first faculty meeting, she met Jerry C., a coach. It was also Jerry's first year at the school. At the end of the school year they married. The newlyweds moved to Delmar, near Albany, N.Y., where they taught at the local high school. After five years they moved to Salamanca, where they became part of the family business. Tragedy struck when Jerry was killed in a car accident. They had been married only 13 years. A widow at 36, Beth's life changed. She had always dreamed of traveling. Her first trip abroad was to France, where she visited friends. When the same friends moved to Japan, she had the opportunity to visit again. However, it turned into an extended trip. She went to Korea, where she met a child she had helped support through the Foster Child Plan. She completed the trip by going around the world (in nine weeks). In 1962 Beth signed up with a tour that was going to

Spain. Expecting to be with a group of seniors, she was pleasantly surprised to meet a young man who was seated across the aisle on the plane. His name was Tom B. Conversation ensued and, by the end of the tour, romance had blossomed. They married the following year. Because of Tom's work, they made their home in New Orleans for the next seven years. After a while Beth grew bored. She was not interested in being a wife who spent her time playing bridge and going to coffee parties. She read an ad for a travel agent. Although the employment agency felt she didn't have enough experience for that position, they quickly found her something else. Ironically, it was at an automobile dealership. She certainly had experience in that field. Eventually the owner asked her to transfer to Atlanta. This was fine with Tom, as he was thinking about early retirement because of health issues. Beth worked in Atlanta for 13 years prior to her retirement. In addition to finding a wonderful husband when she married Tom, she also acquired two beautiful daughters, Connie and Barbara — truly an added benefit. When they came to Florida they made their home in Brookridge. Beth served as treasurer for the community for five years. In 2008 Beth and Tom moved to The Residence. Here Beth also served on the Residents' Board. Now she remains active in the Book Club and participates in various fun games. Beth says she couldn't have found a better place to live than The Residence at Timber Pines. She loves the environment and the staff. You are also special to us, Beth. Thank you for making your home at The Residence at Timber Pines.

FROM THE KITCHEN

This month we would like to highlight three of our dining room servers: the very talented Brian Moran, Patrick Moran and Patrick Gonzalez, who starred in the Stage West Production of "The Music Man" in March. It is a very well-played comedy in which Brian, Patrick and Patrick had such a following that the production sold out and additional shows were added. I believe that all of us agree — Brian, Patrick and Patrick are shining stars in more ways than one. They never cease to amaze and entertain us on a daily basis! Congratulations, gentlemen! We hope to see you in more productions in the future!

EMPLOYEE SPOTLIGHT

We would like to take this opportunity to introduce one of our “newest kids on the block,” Steven S. Some of you may have already met him. Steven’s position as Community Relations Director requires him to spend much time out in the field. In addition to that phase of his work, he spends time here getting to know everyone (residents and staff). This is information he can bring to the outside clientele and referral sources. As Steven gets to know us, we would like to get to know Steven. Believe it or not, Steve is the third generation of his family to be born in Miami. His father worked in the field of maritime electronics. When he retired, he parlayed his hobby of remodeling into a business remodeling residential homes, making it a profitable sideline. Steven says he remodeled all of their homes. On the other hand, Steven’s mother is a transplant to Florida from the frozen north (Minnesota). She moved to Miami to live with her sister after graduating from high school in Shakopee, Minn. By the way, Shakopee is a neighbor of Chaska, the home of the Goodman Group. Steven is the big brother to three younger sisters. Steven saw his first snow on a visit to Minnesota when he was quite young. When the family moved to Prior Lake, Minn., he really experienced the snowy winters. Steven started school in Miami, but from the third grade through the seventh he attended school in Minnesota. The family returned to Florida, but this time they moved to Ft. Lauderdale, where Steve completed his high school education. Steve enjoyed both academics and extracurricular activities. He was a member of the school swim team. He continued his education at the University of Florida in Gainesville, where he also swam on the college team. He graduated in 1994 with a degree in sociology. For us laymen, sociology is a broad study of social interaction that covers relationships from families to work and group settings. After graduation Steve became a personal trainer and manager at the Gainesville Health and Fitness Center for five years. He continued in this industry in Tampa until 2005. From 2005 to 2009, he worked in the pharmaceutical field calling on doctors, hospitals and skilled nursing and assisted living facilities. During that time he also earned his

MBA degree from Miami University. He then took employment with a home health agency, and that is when he became acquainted with The Residence at Timber Pines. He visited frequently and liked what he saw. When the opportunity arose to become a member of our team, a mutual agreement was reached. What a great addition he has made. On a personal note, Steven met Lama, his wife, in 2009 through mutual friends. They married last year on March 5. Steven says they had the honeymoon of a life time at Sandals in Negril, Jamaica. Congratulations on celebrating your first anniversary! Lama also works in the health industry. She has become a Gator fan, one of the things on which they both agree. Remember that we said Steve has three sisters? Well, Lama has three brothers. Steven and his wife make their home in Land O’Lakes. Steven is both dedicated to his work and passionate about his job. He does have a lighter side. If he had his say, Steven would spend all of his time off downhill skiing in Colorado. Perhaps he inherited this love from his Minnesota roots. Be sure to say “hello” to Steve when you see him in our community. Welcome aboard, Steven.
